

ACI Global Training Instructor Biography

Name *Graham Barlow*
Courses: *Global Safety Network*

Graham Barlow is one of the Instructors for the Global Safety Network programme and several Certificate Courses for ACI. Based in the UK Graham is a Consultant and Trainer for Airport Solutions.

Graham is a highly qualified electrical engineer having worked for several blue chip companies in senior management positions. He has been at the forefront of several renewable energy programmes for major companies, governments and airports. This has involved overseeing projects from design to development and implementation.

His passion is without doubt in Aviation and Training having over 30 years' experience as a Pilot, aircraft owner and Instructor on both fixed wing aircraft and gliders. He still flies each weekend and takes great pleasure in passing on his knowledge and experience to people of all ages.

Graham utilises his flying experience and engineering skills in our Aerodrome Auditing and Safety Training programmes. He has audited aerodromes throughout Europe and undertaken training in all continents.
