

ACI Global Training Instructor Biography

Eric Martijn
**Course: Global Reporting Format (GRF) for Runway
Surface Condition Assessment and Reporting**

Eric Martijn has over 28 years of experience in airport operations (including as instructor) and aerodrome safety with 20 years in management functions at Aruba Airport.

During his career at the International Airport of Aruba which ended in November 2020, he manages several operational functions, namely: Apron Management Unit, Airside Safety Management Unit, Safety, Security Compliance & Training Unit, and Interim Business Unit Manager Airside (Interim COO).

Eric is an active supporter of ACI initiatives and projects such as the participating on the committee which produced that Managing Operations During Construction handbook. Since 2013, he has been an active member of the ACI Airport Excellence (APEX) Programme as an airport safety assessor and has participated in several APEX reviews in the Caribbean and South America.

In January 2021, Eric opened his own aviation consultancy business, providing services in airport safety, training, and consultancy. His specialities include airside airport documentation, Aeronautical Radio Telecommunication (Annex 10), Aerodrome Certification (Annex 14) and Safety Management System (Annex 19).

Eric holds the Academic requirements of the Global ACI-ICAO Airport Management Professional Accreditation Program (AMPAP).

He is tri-lingual and speaks three languages: English, Spanish and Dutch.
