Mr. Meyer is a highly respected leader in the International Airport Industry with over 25 years of unique experience serving as a senior executive at several airports in Canada (Edmonton YEG/YXD) and Europe (Cyprus LCA/PFO) and as a Director with some of the major progressive airport management consulting firms in Canada (SNC-Lavalin/Vantage Airports Group) the U.S. (Jacobs Consultancy/Leigh Fisher) and Europe (Munich Airport International/Hermes Airports).

Jim has extensive knowledge and experience with an outstanding record of accomplishment in leading teams in Air Service Development; Airport Management; Strategic, Master and Business Planning; Terminal Concession Planning and Implementation; Commercial Real Estate; Stakeholder Relations and Airport Privatization. He has prepared and implemented award winning, profitable and highly acclaimed commercial plans for many airport clients worldwide.

As an airport management consultant, Jim has led over 100 airport projects in Africa, Europe, the Caribbean, the Middle East, North America and the United States. He holds a Degree in Urban Planning and has an Executive MBA from the Ivey School of Business. His recognized expertise has led to ongoing teaching assignments with Airports Council International Global Training, speaking engagements at industry conferences and facilitating airport business and strategic planning retreats.

He is also an airport trusted advisor with Dialectica based in London, a knowledge sharing platform that connects the world's leading investment and corporate strategists with industry specialists; Guidepoint Global Advisors based in New York providing consulting services to Guidepoint's clients that include institutional investment firms, consulting firms, banks, corporations and Fortune 500 CEOs advising on issues such as private equity investments, mergers & acquisitions, corporate strategy, and market analysis: and he serves as a consultant for Infollion Panel of Experts in India.
