

Engineer C (Civil)

COA092049

The Department of Aviation is seeking a qualified Engineer C (Civil).

This position specifies or advises on regulatory technical requirements, design standards, and related issues for design criteria related to civil, traffic, storm water, or structural. Technical subject matter expert (SME) consulting Architecture and Engineering (A/E) firms, including preliminary and final designs to ensure conformance with AUS Design Standards, Storm water Master Plan, building codes, and other regulatory codes. Reviews construction progress reports, shop drawings, material lists, and samples. Confers with design teams on contractor-submitted items to ensure design intent is accomplished and meets AUS Design Standards. The ability to apply engineering disciplines to review, coordinate, and advise on designs of infrastructure projects and programs throughout Planning, Design, and Construction stages or projects or as needed. Represent the Design Management team as AUS SME for projects involving design, building code regulations, facilities improvements, and passenger experience to support the Airport and its operation. Coordinates and/or performs tasks related to the programming phase of the project (planning and preliminary design/concepts): identifies user needs and requirements; confers with all appropriate parties to solicit input and feedback.

Here at Austin-Bergstrom International Airport, **We strive in our vision to be the gateway to the world for all – the AUS way every day.** Visit our website at www.austincityjobs.org (to apply). We offer a competitive salary, a complete benefits package, and free parking.

MINIMUM QUALIFICATIONS:

Education and/or Equivalent Experience:

Graduation with a Bachelor's degree from an accredited college or university with major coursework in Engineering or in a field related to the job, plus eight (8) years of engineering experience acquired before and/or after licensing as a professional engineer.

Licenses or Certifications:

Licensed Professional Engineer (P.E.) in the State of Texas; or if currently licensed in another state, must have the ability to obtain a Texas P.E. license within six (6) months of employment.

Salary and Compensation

The salary range for this position is \$44.62 – \$58.01 per hour depending on qualifications. The benefits package includes medical, dental and vision coverage, life insurance, compensated leave, short-term disability, and retirement benefits.

To ensure consideration, candidates should apply by July 29, 2024. To apply, candidates must apply, via the City of Austin jobs website at <https://www.austincityjobs.org/hr/postings/119126>.

Interested candidates should apply early in the process for optimum consideration.
