

TUNDE OYEKOLA, an Architect, is the CEO of El-Mansur Atelier Group, an AEC (Architecture, Engineering and Construction) company based in Nigeria with a commitment to providing bespoke global design and construction services.

Graduating at the top of his class with first class honours in Architecture from the University of Nigeria, and finished as the best graduating student from the Ahmadu Bello University Zaria where he earned a Master of Science degree in Architecture.

EMA under Tunde's leadership is currently working on its fifth greenfield airport project in Obudu Cross River State of Nigeria, having recently successfully completed the fast-track Greenfield Dutse Airport in 18 months and the Bayelsa Airport. All the four completed airports are fully operational.

In addition to his broad experience in airport design, Tunde has also led EMA in several multinational collaborative efforts with Global partners towards the successful delivery of a variety of projects including: Projects for International Oil and Gas companies, Commercial Real Estate developments, Healthcare Facilities and Diplomatic missions.

He has attended numerous seminars and workshops worldwide as well as specialized courses at Harvard and the ACC Institute to name a couple.

Professional memberships:

- Nigerian Institute of Architects (Fellow)
- American Institute of Architects (International Associate)
- International Association of Airport Executives
- Airports Council International (ACI-AFRICA)-World Business Partners (WBP)

Tunde has served on the Boards of ACI Africa and ACI World in various capacities over the past 9 years including as Chair of the WBP Advisory Board.

Tunde is an avid runner and has run full and half marathons on all five continents and continues to inspire others.
