Position Title: Aviation Cybersecurity Officer
Department: Aviation
Job Opening Number: 104083
Salary: Min: $110955.67 – Max: $189644.50
Advertisement Dates: 11/17/2026 to 12/25/2026

MINIMUM QUALIFICATIONS:

Bachelor's degree. Eight years of experience in cybersecurity or information security are required. Supervisory experience is highly desired. Additional related work experience in cybersecurity or information security may substitute for the required college education on a year-for-year basis. Applicants qualifying for employment with the Miami-Dade Aviation Department will be subject to extensive security screening, including but not limited to fingerprint checks, employment verification and such other procedures as may be mandated by federal law. The security clearance required by the federal law is a continuing condition of employment.

RECRUITMENT NOTES:

The Aviation Cybersecurity Officer (ACSO) is a pivotal position that will play a crucial role in safeguarding the organization's digital assets. By developing and implementing comprehensive security strategies, the Aviation CSO ensures that Miami-Dade Aviation's data and infrastructure are protected against a wide array of cyber threats. The incumbent will provide risk management and compliance with industry standards, such as TSA directives and NIST/ISO frameworks, thereby fortifying MDAD's defenses and building trust with customers and stakeholders, which are essential for maintaining the MDAD's reputation and business continuity. Furthermore, the Aviation CSO's ability to align security initiatives with business objectives facilitates informed decision-making and optimizes return on security investments, making security a value driver rather than a cost center. The Aviation CSO will be instrumental in creating a resilient organizational structure that can adapt to the ever-evolving threat landscape, ensuring that the MDAD's operations and sensitive information remain secure in a digital age.
